

Community Ownership: Assets for People and Place

Aberdeen Citadel, Castle Street, Aberdeen, AB11 5BG

Saturday 24th November 2018, 9.30am to 3.30pm

Are there publicly owned land and buildings in your community that you think could and should be used by the community? Want to find out about new opportunities in recent Scottish legislation that you could make use of?

Learn about the powers that communities have to take ownership, lease or manage land and buildings. What assets can be transferred into community ownership and how do you go about it? What are your legal rights in Scottish law?

Presenters will take you through the nuts and bolts of Part 5: Asset Transfer, under the Community Empowerment (Scotland) Act 2015. It will give you an introduction to what you need to do to make sure you are looking at an asset for your community, and not a liability, and outline the support available to help you succeed.

This event is aimed at members of community groups, voluntary organisations, community councils and individuals who are at the early stages of considering asset transfer or are interested in opportunities for future projects.

This free event will take place on **Saturday 24th November, 9.30am to 3.30pm** with a light lunch included.
